## "THE WORK CONTINUES ON!"

Report by Reverend Leonard B. Jackson,  
 Director with Faith Organizing Alliance.  
 Revlbj@faithorganizingalliance.org

Faith Organizing Alliance is a community resource hub for increasing civic engagement and participation through faith based and civic organization. We continued that effort in 2022 with voter registration. Every vote counts. We hit the neighborhoods and communities to get Las Vegas residents registered for the 2022 election so their voices could be heard. The vote is how we create change for the betterment of our society. High voter turnouts capture the attention of elected officials which creates better relationships between the office holders and resident citizens. When these relationships are created and fostered it leads to greater communities for all parties involved. The needs of the community must be a priority to our elected officials. We collectively got 5,169 voter registration forms filled out and made 5,000 plus calls in an effort to make sure our community members exercised their voice through their votes.

## Legislative Update

As we continue to push the clean energy initiatives there are new bill draft requests for multiple bills as we prepare for legislation that we are keeping a close eye on. The 482, Speaker of the Assembly revises provisions governing energy. The 526, Assemblywoman Hardy revises provisions governing building codes. The 538, Senator Daly revises provisions governing tax abatements for certain renewable energy facilities. The 540, Senator Daly establishes provisions related to the improvement and safety of public utility infrastructure. The 546, Senator Hansen revises provisions relating to motor vehicles.
